

THE GLASSHOUSE

WINE LIST

We have scoured the world of wine to find the very best from producers who tend to be smaller and family owned (like us). Most of them farm with great respect for the environment, using minimal chemicals, and a few are completely organic.

We believe that we need to do our utmost so that you end up with a wine that suits your personal palate perfectly, so we make sure our staff taste these frequently – please do ask for a description if you need it.

Something special
