

The Stables

George Stubbs, the 18th Century artist, a regular visitor to these old stables. He didn't come for the beef, chicken or fish, but the horses.

Leaving his home in Edgeware, George would walk the leafy lanes of Hertfordshire until he arrived at The Grove. Here, inspired by the fine mares and stallions, he would spend hours at his easel.

Today, of course, the horses have been replaced by gold carts the horseshoes have given way to soft spikes. We like to think, however, that some of the Stubbs magic remains. Like George, our chefs create one masterpiece after another.

THE STABLES
