

Nature Detective Activities

SMELL

Activity 1

Without touching (so the bumble bees don't go hungry), smell some of the flowers that you pass.

Activity 2

Which flower had the best scent? Draw it below...

FEEL

Activity

Place this sheet of paper over the following and gently rub with a crayon to take a marking...

Leaf

Bark

HEAR

Activity

Find a safe spot, close your eyes and listen.
Tick off all the sounds you hear...

- Birds chirping from up in the treetops
- Bees buzzing in amongst the flowers
- The snap of a twig underfoot
- Trickling water (a river or raindrops)
- The pitter patter of other footsteps

TASTE

Activity

Shhh! Stay really quiet and try to catch a glimpse of an animal eating a snack. It could be a deer, a bird or even a butterfly. What did you manage to see?

SEE

Activity

Look up, look down, look all around and tick off each colour of the rainbow once you see it. If you're struggling, search for some flowers - they're always bright and colourful!

Red

Orange

Yellow

Green

Blue

Purple

Pink
